This is the end of a comedy of errors
It's not hard to be a victim if you just say please
So close your eyes and kiss me quick
I'll close my eyes and picture this is

Seven o'clock on the dot
I've been waiting for a moment that never arrives
It's gonna be a black day today
A black day today

I'm waiting, forsaking
All the things you know I want to hear
So lately I'm saying
My mind's a wreck
When I don't have you here
Have you near
Gonna wake up

Don't look now
I think we're losing ground
There's so far left to fall
Don't look now
I think our secret's out
You make me burn burn away
I'll cross my fingers when I say

I'm waiting, forsaking
All the things you know I want to hear
So lately I'm saying
My mind's a wreck
When I don't have you here
Have you near
Gonna wake up

So sad to say we're moving on
So hard to see when things went wrong
And I hate to say that what we had is gone

It's so hard to see what happened
It's so hard to see what happened

I'm waiting, forsaking
All the things you know I want to hear
So lately I'm saying
My mind's a wreck
When I don't have you here
Have you near
Gonna wake up
