Funk upon a time  
In the days of vanglorious  
The tri-dimensional houses of energy  
Released the original powers  
To the translators of the interplanetary funk code  
Funkin religion, funk in lesson  
Key bearers, funk in to the East  
Earth bound  
[Professor X]  
Mmmm  
We are messengers, of Ra  
Whispering the secrets of the ages  
Vanglorious! This is protected  
By the red, the black, and the green  
With a KEY! SSSSSSY!  
"It was nearly eleven, when I started to return.  
The night was unexpectedly dark.  
To me, walking out of the lighted passage of my  
cousin's house  
It seemed indeed black."  
[Brother J]  
What is.. we are..  
Dum-diddy-dum to the God's new drum  
Devils run, here comes the sun  
Brothers travel for ages  
Scroll and stake from planet to planet  
I take a ride on the cosmos  
The utmost toast of my raft  
Now mortals want a dose of the voice of key  
With the bass of the great war chant  
So now it's on to the garden at a million vibes a second  
The pyramid tries to beckon  
The sands of time, survive the flood  
The bricks of blood, the house of the heart  
On the tri-dimensional level  
On to balance with the feather  
Funkin lesson vibes to earth, from Ra on to Jeb  
My verse it bled, bring chaos to order  
The abyss to the earth to the waters  
Vanglorious sound on the rain comin down  
Verbalizer with scroll, earth bound

[Professor X]

I am, the blood of the pharoahes

The spear bearers, the elephant riders

The everlasting conquerors

I AM, the original power of blackness

The strength exampled, in our people as a whole

I am the voice of unearthy soil

Earth bound, by will of the Creator

[Brother J]

From amongst the stars, in
