Now the last man has left the trenches  
Forsaken hope and mind resigned  
Last breath and plunged in darkness  
Glory awaits in the head of a bullet

[CHORUS:]

Enemy Siege  
Bring forward death no human defense

Machine gun nests are set and waiting  
For the swarm of lost souls arising  
One shot, one kill, one loss  
Glory awaits in the head of a bullet

[CHORUS:]

Enemy Siege  
Bring forward death no human defense  
Enemy Siege  
Bring forward death no human defense

[SOLO]

I saw demise upon the week  
I will remain relentless to attain  
The killing, the thrilling begins  
Unleashing hell defenseless to the pain

[CHORUS:]

Enemy Siege  
Bring forward death no human defense  
Enemy Siege  
Bring forward death no human defense

Bring forward HATE no human defense  
Bring forward death  
Bring forward HATE no human defense  
Bring forward death
