All the times,
You tried to cut me up,
And let me down,
Can't you see,
You always,
Were the first to come around,
Are you waiting by the phone,
Hoping I'll be back for more,
Yeah you, fight back, you're way to violent
Yeah you, strike back, you're out of line
Tried to find,
The times when,
You could always make me smile,
Got caught up,
Inside the,
Feelings of my own denial,
Do you lie awake at night,
Hoping I'll come by,
Yeah you, fight back, you're way to violent
Yeah you, strike back, you're out of line
Yeah you, fight back, you're way to violent
Yeah you, strike back, you're out of line (x2)
