Did you hear me  
Come down from that mountain today  
Did you hear me  
When I had nothing to say to you  
I think you asked about the weather  
So now, I'll go no place with you  
So now, will you go no place with me too  
We'll go no place together  
I'd like to sit  
On this old chair outside with you  
Carved out of wood  
We'll pretend it was made just for me and you  
We'll sing our gospel together

We'll sing  
Oh amen  
We'll sing  
Oh, amen.

What's real in this life  
Is what I wanna know  
What's real  
In all the noise and the lights  
Of this one man show  
So disconnected  
They say that three's a charm  
But I don't know  
Two's done so much harm  
In this great big world  
We'll sing our gospel together

We'll sing  
Oh amen  
We'll sing  
Oh amen

So why won't you  
Walk to the mountains with me  
Why won't you  
See things the way that I see  
Why won't you
