You see all dem people whey you see over deh so  
Don't pay dem nuh mind  
Dem is just one set a people who have nothing to do  
With the development and upliftment of I and I as a  
race  
But watch this  
Well it's Anthony B, Buju Banton and Garnett Silk  
Mama Africa, Mama Africa

Chorus:  
Hello Mama Africa  
How are you?  
I'm feeling find  
And I hope you're fine too  
Hello Mama Africa  
How are you?  
I hope when you hear these words  
Your grays turn blue, grays turn blue

Verse 1:  
I will break these chains  
Of their subhuman bondage  
Scatter all the remains  
With negative thoughts in diverse places  
Posses the state of mind to declare anytime  
Say Mama Africa a yours and mine  
Own a continent no island never deh pon mi mind  
This was well-orchestrated plan from long time  
Soon I shall be home and everything will be fine  
When you see the lion running wild know that is a sign  
Of an ancient order royal and divine  
With all the natural resource to satisfy mankind

Chorus

Verse 2:  
Who say so?  
Marcus Mosiah  
Listen Mr. B  
Marcus tell I  
Black starliner gonna carry us home

I know it's true  
What will you do you don't wanna be left alone  
I've been waiting watching from the distant shore  
At every passing vessel my teardrops flow  
Could it be in my direction it goes  
Beulah land beckons trod home trod home

Chorus

Verse 3:

The sweetest things are there to be found  
The golden sunshine  
The wind blows around  
The fresh vegetation which comes from the earth  
Oh Mama Africa you make me know what life is worth

Chorus
