As the rain begins to fall and my shadow seems to  
fade  
Still my pride is walking tall, but the hope has turned to  
hate  
C'mon please, come walk with me through this endless,  
hopeless maze  
I've been the one to lift you up,  
But now it's up to you

I need your guiding hand  
Your power and your strength  
I need you, baby, heaven sent

Come on be my shining light  
Fill the darkness, cut the night  
I need you, baby, to lead the blind!

Walk with me, Run with me,  
Lead me through the rain  
Won't you help me through the storm  
Come guide me, Come Lead me  
(Till) the sun will rise again  
Won't You help me through the storm

And the wind it cuts so deep, divides the tears from the  
rain  
Still I know, which way to go, hope this struggle is not in  
vain!  
So, c'mon please, come take my hand, I got nothing  
left to blame  
I've been the one to lift you up,  
Baby, it's up to you!

I need your guiding hand  
Your power and your strength  
I need you, baby, heaven sent

Come on be my shining light  
Fill the darkness, cut the night  
I need you, baby, to lead the blind!

Walk with me, Run with me,  
Lead me through the rain  
Won't you help me through the storm  
Come guide me, Come Lead me  
(Till) the sun will rise again  
Won't You help me through the storm

Can't see no hope out there  
Forgive me father, for I have sinned!  
The Storm is drawing near  
Is it the devil or the howling wind?
