Low ye hills in ocean lie Hob y derri dando
Hide not Meirion from my eye Hob y derri dando
Still one view oh let me take Down derri down
Ere my longing heart do break Down down hie derri
down
My darling Mary do not frown Down down hie derri
down
My darling Mary do not frown

O'er the seas hath flown my heart Hob y derri dando
O'er the seas my sighs depart Hob y derri dando
And o'er the seas must she be sought Down derri down
Who lives yet always in my thought Down down hie
derri
Down
My darling Mary do not frown Down down hie derri
down
My darling Mary do not frown

'Neath the seas shall I reside Hob y derri dando
'Neath the water and the tide Hob y derri dando
For my longing heart did break Down derri down
When she another love did take Down down hie derri
down
My darling Mary do not frown Down down hie derri
down
My darling Mary do not frown
