I want you to know  
You forced me into this  
Come on scream my  
Name out loud  
You're just passionate  
Youngster, wildcat  
Human to the bone  
Into the grave

I'll carry you  
We'll be true and good  
For each other  
No one else  
You're so passionate  
You like wildcats  
Human to the bone  
Into the grave

You've got my ticket to ride  
And I want to never find  
And I don't need a guide  
I'm stronger

And I am a fan  
I'd kiss your hand  
I'd treat you good

I'd treat you better  
Than any other could
