(I know 'bout your girlfriend)  
(I found out from her friend)  
(There's no point denying)  
(Cos i don't wanna talk about it)

Should've known you were too good to be true  
Should've known there's no way i could trust you  
The times when we were apart  
You were lying and cheating and breaking my heart  
Looking back now i feel so damn na~ve  
Spreading lies that you knew i would believe  
Like times when you used to say that you couldn't come  
home because you're working late

*[Bridge]*

When you're with me  
I don't know what you tell your girlfriend  
Boy, she must be so stupid  
To believe that she's the only one  
And all i know  
Is that you're little game is over  
I'm regretting the day that you first walked away

Can't even say that its been nice to know ya

*[Chorus]*

I know 'bout your girlfriend  
I found out from her friend  
Don't try to pretend  
Cos i don't wanna talk about it  
I know you've been lying  
No point denying  
But boy, i'm done crying  
And i don't wanna talk about it

Remember boy, when you used to say  
That you'd never take your love away  
I just can't believe that you had the audacity to be  
creepin' on me  
Sleeping round while you leave me here alone  
When i call i just get your answer phone

Something is going on  
Cos it's six in the morning and you still ain't home

*[Repeat Bridge]*

*[Repeat Chorus to Fade]*
