My intuition tells me that something's not right.  
You've made a mess of everything in my life.  
Been through this time and time again,  
Still made it through with all my friends.

Write this one down,  
You listen carefully now.  
It's about time you find out  
What I am truly capable of.  
Why don't you pin me down  
And tell me I'll be alright?  
Write this one down,  
What goes around comes around.

You're hiding something from me,  
But I'm still right here.  
Your lack of faith I refuse to allow.  
So doubt me now.

Write this one down,  
You listen carefully now.  
It's about time you find out  
What I am truly capable of.  
Why don't you pin me down  
And tell me I'll be alright?  
Write this one down,  
What goes around comes around.

You're the reason why I try so hard to keep the past at  
my back,  
Oh, you're not coming back again.  
Well, did you hear what I said?  
I'll take it all and leave you alone.  
I'll knock and put you underground.  
You said that I'd never let you go.  
You are a fucking embarrassment.

Write this one down,  
You listen carefully now.  
It's about time you find out  
What I am truly capable of.

Why don't you pin me down  
And tell me I'll be alright?  
Write this one down,  
What goes around comes around.
