Await... I'm undone... I scarce... can move...  
Alone... surrounded... consumed... by You...  
I need You to help me,  
Need You to help me breathe...  
Woh-oh-oh-oh, I need You to help me breathe...  
Oh... woh-oh-oh-oh, woh-oh-oh-oh, take me in.  
Oh... woh-oh-oh-oh, woh-oh-oh-oh, take me in.

[X2]

Only a little bit closer,  
A little while longer in your arms.  
Take me a little bit deeper  
You are life to my soul.  
[X2]

Oh... woh-oh-oh-oh, woh-oh-oh-oh, take me in.  
[Repeat several times]
