Babe
love token to my heart
please don't forget it
try to feel you by my side
you are my music

hey , I'm waiting for your buzz
you don't believe me
we will never be apart
inside my music

Chorus :

Just tell me why
you won't hear me baby
(won't hear me baby)
please tell me why
you don't feel ready
(you don't feel ready) (x 2)

Babe
please listen, don't be shy
my heart's spinnin'
i just want you by my side
you are my music

stay , I'll never let you go
try to believe me
we will never be apart
inside my music

Chorus :
