### "Knowledge Is Power"

Visit "[Knowledge Is Power](#)" on MotoLyrics.com

Detention, suspension and power tripping "teachers"  
Feed me candy flavored lies like priests, nuns and  
preachers  
Told what to wear and what to think when to piss and  
when to speak  
Indentured to my dejected state. spiritless 5 days a  
week

Discipline, conformity, walking single file down a dead  
end street  
If it's not taking me where i need to be, FUCK  
EDUCATION, at least my mind is free  
12 years down the drain for me, useless facts and lies  
of your white history  
If it's not taking me where i need to be. FUCK  
EDUCATION, at least my mind is free

Crooked pigs ward the halls with armor and a loaded  
piece  
Random "routine" locker searches, they now own yer  
property  
Told to graduate and get a job, fulfill the old American  
dream  
So stay in school and be molded into a fucking gear for  
their machine!
