Never any pleasure
For this I try to love
All I ever wanted
Is love I can't believe in

You will be the looser
Everybody tried to find
All we've got the season
Of frozen hearts and minds

Take away this torture
To cutton ev'ry soul
Aversion to my tears
Your love seems like a hole

I'm reaching for the stars
You are the strength we need
The way into the light
The secret that we keep

Love is torture
Aversion to my tears
Love is torture
You are the strength we need

Never any pleasure
For this I try to love
All I ever wanted
Is love I can't believe in

You will be the looser
Everybody tried to find
All we've got the season
Of frozen hearts and minds

Take away this torture
To cutton ev'ry soul
Aversion to my tears
Your love seems like a hole

I'm reaching for the stars

You are the strength we need
The way into the light
The secret that we keep

Love is torture
Aversion to my tears
Love is torture
You are the strength we need.
