Birds could see the masses moving out for victory
Joining on the fields of honor other ghosts of tragedy
Fear and hate has overwhelmed their
Souls and common sense
Standing face to face in front of
Thousand waiting for the order

The order to kill
Like mindless puppets on a string
Too weak to resist

Refrain:
All the men
Were fighting for illusions hard to comprehend
Reflect their misbehavior by the songs they sang
And every action pictured in a monument

Masterminds are controlling every
Move they're going to make
And for those who don't obey you will be crushed by
Mighty hands
That's easy money policy with zero
Tolerance if humanity is lost in time
The only thing that counts is

The order to kill
Like mindless puppets on a string
Too weak to resist

Refrain:
All the men
Were fighting for illusions hard to comprehend
Reflect their misbehavior by the songs they sang
And every action pictured in a monument

Hear the arms in the west
Profit for the upper class
Weapons can't kill a single man
But your finger on a trigger can
Make one's life history
Justified by democracy

The time has come
Lay down your guns
Haven't you learned enough from history

Refrain:

All the men
Fight against your masters and their masterplans
Freedom is impossible without your help
Freedom is something this world has never had
