--Someday... someday... --
Somebody crying
--sometime... someday... --
Call my woe...

Why do you smite your grief?
Are you all right?
--damned toll's tone--
Your smile is despoiled as you fail make-up
--is your all birthday--
Why do you prime your fleece?
Are you all right?
--can fights count down (for) sail?--
Your smile despoiled as you feel seasick

"can't stop a stained crime"
No way... we're killing each other...
Your conjurer dispraises the summer (of) real ice
Realize! before the end of breakdown

--we lost a dilemma--
You bet! a spaceship has a shaver!
--a forward lady and spirit--
It's time for sailing away!

Why do you slide my dream?
Are you all right?
--no waited sunrise--
You waited (for) sailing weather as I'm still waiting

"can't stop a stained rime"
Realize! before the end of breakdown

--we lost a defence--
Watching! a spaceship in the corner!
--you liked to preach in the sin... damn... --
No way! the big wave is coming!
--your darling covered your soul--
You bet! a spaceship has a shaver!
--you liked a mother wild oat--
It's time for sailing away!

"can't stop a dawn to gray"
We search halo

We're killing each other

"can't stop a night storm"
We search halo
Don't worry...
Far away...
