Are you prepared for this? Your chance to stand when
others fall, under the
Pressures of this world. There is one who knows you,
one who has a plan. You were
Born for this! Born to stand. Born to lead. born to fight.
You were born for this! He
Has prepared your way, now be the one to rise up! Now
be the one to rise up. You were
Saved from death and you were rasied up from the
depths of hell. Preparation for the
Purpose of the life that you were meant to lead. Are you
prepared for this? Your
Chance to stand when others fall under the pressures
of this world. There is one
Who knows you, one who has a plan. You were born for
this!
