Here I go
I start to lose control
Of all the principles I hold
On my own
I never thought that I would crumble

But now I find this reason's
Getting older by the second
And I'm trying to forget it
Feels like letting go

Second skin
Just wont sit right
And through these eyes
It's dark outside

Pride is lying
Bruised and broken
Start to realise
Now I sleep with one eye open

Here to say
If truth can set you free
Then I'll get used to these chains
Love me quick, kill me slow

I'm running on empty
I just can't let go

I'm falling apart
I'd stop but I just can't start
Tell me what should I do

Second skin
Just wont sit right
And through these eyes
It's dark outside

Cross my heart
And sell my soul
I'll close my eyes

And say goodbye to self-control

Second skin
Just wont sit right
And through these eyes
It's dark outside

Pride is lying
Bruised and broken
Start to realise
Now I sleep with one eye open
