Why can't I see you
Stand in the circle
The curse chained me
Chained me to the ground

Why can't I reach you
I'm left in the pain
And the flames
Surround me

My voice screaming for you
Despair embracing my soul
And I'm swept away inside a wasteland
All memories are buried in dust

Oh I run, running in blindness
And I'm trapped between the devil and the deep blue
sea
I run, running in blindness
And I'm trapped between the devil and the deep blue
sea

Why can't I see you
Stand in the circle
The curse chained me
Chained me to the ground

Why can't I reach you
I'm left in the pain
And the flames and the flames and the flames
Surround me

Running in blindness
And I'm trapped between the devil and the deep blue
sea
I run, running in blindness
And I'm trapped between the devil and the deep blue
sea

Shadow dance
Shadow dance, shadow dance

I'm playing with a fool
Shadow dance
Shadow dance, shadow dance
I'm playing with a fool
Shadow dance
Shadow dance, shadow dance
I'm playing with a fool
Shadow dance
Shadow dance, shadow dance
I'm playing with a fool

Shadow dance
Shadow dance
Shadow dance
Shadow dance
Shadow dance
Shadow dance
Shadow dance
Shadow dance

Oh I run, running in blindness
And I'm trapped between the devil and the deep blue
sea
I run, running in blindness
And I'm trapped between the devil and the deep blue
sea
I run, run, run, running in blindness
And I'm trapped between the devil and the deep blue
sea
