You never could take what you could see
Too much belief in apathy
Now you can always see
Spinning around
You were always a dancer in my eyes
Falling too fast always seemed to come easy to me
Don't you know why
(Don't you know why)
Don't you know why
She comes round tonight
All of the times you turned away
Something inside wanted to stay
Don't want to walk away
Spinning around
You were always a dancer in my eyes
Falling too fast always seemed to come easy to me
Don't you know why
(Don't you know why)
Don't you know why
She comes round tonight
Don't you know why
(Don't you know why)
Don't you know why x3
Spinning around
You were always a dancer in my eyes
Falling too fast always seemed to come easy to me
Don't you know why
(Don't you know why)
Don't you know why
She comes round tonight x2
