I dreamt about you last night, I held my pillow tight  
I woke up thinking you were still around  
I wondered if I should call  
It's been so long since we last spoke  
I shook my head, and closed my eyes to sleep

Cause I know you're thinking about me and to call  
would be a tease  
I know you're down on your knees  
Calling you to just check in would be so selfish of me  
It's so hard to let this be

You say I'm all you need, to make you whole make you  
complete  
Sorry I just can't stay today  
Those blue eyes flood at night, I know you just can't say  
goodbye  
Stay true, stay gold, don't die away

I dreamt about you last night, I held my pillow tight  
I woke up thinking you were still around  
I wondered if I should call  
It's been so long since we last spoke  
I shook my head, and closed my eyes to sleep

Cause I know you're thinking about me and to call  
would be a tease  
I know you're down on your knees  
Calling you to just check in would be so selfish of me  
It's so hard to let this be

You say I'm all you need, to make you whole make you  
complete  
Sorry I just can't stay today  
Those blue eyes flood at night, I know you just can't say  
goodbye  
Stay true, stay gold, don't die away

Let's go!

You say I'm all you need, to make you whole make you

complete  
Sorry I just can't stay today  
Those blue eyes flood at night, I know you just can't say  
goodbye  
Stay true, stay gold, don't die away

Away....away....away....
