Nobody loves me
A sadder line
Was never written
The truth behind
My cold depression
Deathwish divine
We're lonely people
Without a spine

Give my regards to the next of kin
Give my regards to the next of kin
And tell them all what a smash it's been

I'll say my prayers
I'll say I'm sorry
I'll say my everythings and
Be done with this world
I'll say my prayers
I'll say I'm sorry
I'll say my everythings and
Be done with this world

I'd tell the shadows
Beyond the grave
Depression's boomin'
We're on our way
Posthumously
I'll have my day
I'll make a scene a...
Vulgar display

Give my regards to the next of kin
Give my regards to the next of kin
And tell them all what a smash it's been

I'll say my prayers
I'll say I'm sorry
I'll say my everythings and
Be done with this world
I'll say my prayers
I'll say I'm sorry

I'll say my everythings and
Be done with this world

I'm six feet under
Before my time
A virgin nothing
One of a kind
It makes no difference
If I should find
Someone who loved me
I wouldn't mind

Give my regards to the next of kin
Give my regards to the next of kin
And tell them all what a smash it's been

I'll say my prayers
I'll say I'm sorry
I'll say my everythings and
Be done with this world
I'll say my prayers
I'll say I'm sorry
I'll say my everythings and
Be done with this world
I'll say my prayers
I'll say I'm sorry
I'll say my everythings and
Be done with this world
I'll say my prayers
I'll say I'm sorry
I'll say my everythings and
Be done with this world

Give my regards to the next of kin
Give my regards to the next of kin

And tell them all what a smash it's been
