He took the reins of power in 1933  
The appointed deputy fuhrer of the N.S.D.A.P.  
This is the story of Rudolf Hess a brave and loyal man  
He gave his life for his beliefs because he loved his  
Land  
On that night of May 10th in 1941  
He boarded an Me-110 for his mission has just begun  
Destination: Scotland the duke of Hamilton he must  
seek  
But what was to unfold from this emissary of peace...

Sieg Heil- Rudolf Hess your legacy lives on  
Your courage and your honour, keeps us marching  
strong  
Sieg Heil- Rudolf Hess amongst the gods you lie  
You live on in Valhalla 'cause true heroes never die

Imprisoned!  
For his proposal of peace  
An attempt at white unity so the brothers war would  
Cease  
Held as a private prisoner for the duration of the war  
Until October 1945 when the trial hit the floor  
Hess was found guilty for crimes against peace  
Sentenced to a life in hell for fighting for his  
Beliefs  
Then for the next 40 years he'd rot in a Spandau cell  
Because he tried to end the war they sentenced him to  
Hell...

Sieg Heil- Rudolf Hess your legacy lives on  
Your courage and your honour, keeps us marching  
strong  
Sieg Heil- Rudolf Hess amongst the gods you lie  
You live on in Valhalla 'cause true heroes never die

Now stripped of his identity and left to rot away  
No longer known as Rudolf Hess number 7 his new  
name  
Until in 1987 on August 17  
When Hess began his journey to eternal sleep

Your gone but not forgotten you live in our hearts and  
Minds  
What you have done to save your race sends chills  
down  
My spine  
Now every year on the 17th we fly our flags up high  
And salute in remembrance a true martyr of our time...

Sieg Heil- Rudolf Hess your legacy lives on  
Your courage and your honour, keeps us marching  
strong  
Sieg Heil- Rudolf Hess amongst the gods you lie  
You live on in Valhalla 'cause true heroes never die

Sieg Heil- Rudolf Hess your legacy lives on  
Your courage and your honour, keeps us marching  
strong  
Sieg Heil- Rudolf Hess amongst the gods you lie  
You live on in Valhalla 'cause true heroes never die
