[Feat. Jason Derulo]

[Chorus:]

That girl is just so fresh

(Yeah)

The way she look in her tight jeans and t-shirt

You know that I'm gone flirt

Cause shawty is a 10

(Yeah)

And she don't even know it

(Know it)

I really wanna get with her

I got a thing for her

I got a thing for her

I got a thing for her (yeah)

I got a thing for her

And she don't even know it

(Know it)

But I gotta meet her cause

Ain't gone buy the bar but I can promise that I put it

See baby I know you who I am
Long as you understand what I wanna do
Is it ok if I whisper in your ear baby
And tell all that freaky shit you wanna hear baby
Just a smile and I know that it's on a shot of patron
And your homeee.

[Chorus:]
That girl is just so fresh
(Yeah)
The way she look in her tight jeans and t-shirt

[T:]
In my bed kissing your neck
I want your body next

So lucky you let me in
Get ready to lose your breath baby

[Gabi:]

I take the breath away
While we let the wine breath
Maybe she is the one
Maybe finally
I can find peace
Feels like your mine bee
As if you always been
Part of the plan
I just gotta let you in
I sense your confidence
But your guard is down
Our hearts insink I didn't know something can beat this
loud
And the way you hold yourself together
What in the aray
Most girls can't look me in the eyes
But you can look up away
Is this that movie love geting the best of us
So can we trust and pass ideals
Like were really just meant to be
Or is it lust you know sexual Tension in the air
Only one way to find out baby
Let me carry you upstairs.

[Chorus:]

That girl is just so fresh
(Yeah)
The way she look in her tight jeans and t-shirt
You know that I'm gone flirt
Cause shawty is a 10
(Yeah)
And she don't even know it
(Know it)

I really wanna get with her
I got a thing for her
I got a thing for her
I got a thing for her (yeah)

And she don? t even know it
(Know it)
But I gotta meet her cause
