Show your face,
Tell me you will!
Are you here
Virtual or real?

Wanna know
What is the deal.
Now are you
Virtual or real?

I feel you joining,
My channels quivered again.
Now tell me what you're enjoying?
Connecting makes the pain.
Psychosis takes hold, we cannot reload,
I'm feeling that cold,
Though I have been told and reminded:
You're shallow (oh, God, now save me from drowning!
)
You're hollow (you echo to my thoughts, your void is
Sounding!)
I don't know d'you know that I know
What I'm not meant to know.
So damn! I'm ready to belong
But this time I'm gone.

You've got it in your eyes:
All the truths and lies...
I am mesmerized
By their abyss.

You've caught me in you're eye...
I'm in love. Am I?
Hell awaits, but why?
Can't explain it.

I cannot tell why
I'm scared and I cry...
You were never mine!
Forget! Never mind!

You tell me 'bout love
And all stuff. I can't laugh
Though, sure, I'd want to
'Cause this is nothing. (It's nothing!)
You suck my blood away,
You come but never stay,
Oh, fuck, I still obey
When you draw close to me.

Why? I look at you for several hours
And can't release the pain. Stop! Try!
All of you I deny!
I can reveal you're not real,
But something's halting my will.
No! Don't wanna see you on blow
Stay! Go!

You've got it in your eyes:
All the truths and lies...
I am mesmerized
By their abyss.

You've caught me in you're eye...
I'm in love. Am I?
Hell awaits, but why?
I can feel it.

Wait. Stay. Go.
Stay. Wait. Go. Stop!
Go. Stay. Wait. No.
High. Blown. Fade. Go!

What the hell
Is all this for?
Fell into
Circled circumstances.
You're so obscure,
I'm so allured,
Reassured,
Helpless though you're careless.
What the hell
Is all this for?
Damn it all!
Can't stand this anymore!

All I can do is pretend
That I don't give a fuck where you went,
With whom you melted together,
With what you're messed up forever.
But as a matter of fact
In truth I don't care 'bout that

Be blown, blow up, blow off
Go!
Feeling so stupid I hate you!
Shit! I'm trying my best to abate you!
Burned your pics down, stern and astound
Heart pumping out in the speed of a sound,
Pushing so loud.

I don't care about you (anymore)
I don't care about you (anymore)
I don't care about you (anymore)
I don't care about you (anymore)

6, 21, 3, 11, 15, 6, 6! Go!
Get outta my life,
Go! Get your shit outta me,
Don't need your sympathy.
You killed something pure
And cured yourself by me.

Get away!
I bet you will!
Once you were
So fucking real...
Now I know
What was the deal.
You're the one
Who comes to kill!

Get away!
(Please stay awhile, stay awhile now)
Once you where...
(You were here, you were so
Close)
Now I know
(Real virtuality... virtual reality...)
You're the one
(How come I to believe in this)

No! You're not the only one!
No! You're not the one... (Forgot you!)
No! You're not the only one!
No! You're not the one... (I abort you!)

High. Blown. Fade. Go!
On my own. Late? No! (yes...)
Go! Fade. Blown. High.
On my own. Late? No! (no...)

High... go... blown... fade...
Fade... blown... go... high...

High... go... blown... fade...
Fade... blown... go... high...
Go...
