[Colby O'donis Cover]

[Verse 1:]

[T:]

Looking for this girl, have you seen her?  
She's about 5, 6  
Pretty model type, but a dreamer  
She always rocks nice kicks  
And there's sumtin bout the way those green eyes  
stare right through me  
As my night turns into day, damn I wish she knew me

[Gabi:]

Well, drop the height an inch or two  
Add an inch all around cause mine's a little bit thicker  
Caramel skin, dark brown teddy bear eyes, few tats,  
bro I gotta be with her  
She's a ten on my scale, no richter  
Crushing on her daily, constrictor  
When I've seen her outta work I haven't gotten any  
slicker, damn  
Real shit you're...

[Hook: T &amp; Gabi]

Wanted, wanted, wanted  
Tell me where can I find you?  
Ooo Baby, you flaunt it  
But I can't put a price on it  
Ehh Ehh  
You gotta turn yourself in  
And you'll be rewarded, I promise  
Put your hands up if you're tryna be wanted

[Verse 2:]

[T:]

I caught her sunday with no makeup  
Still the prettiest out  
Almost wanna hit Jacob, have her marry me now  
You see I know I should slow down, but she got me  
twisted  
And now I don't know how, my head is spinning around

[Gabi:]

Look  
And now we spoke a few times, but it's all small talk  
Am I really any closer  
I'm almost sure you would say Yes  
But the small chance of a No holds me back, Red Rover  
Some days, I daze into our future  
All I want, and I love that you cook too  
Sweetest smile, wearing the whitest teeth  
I wish you heard this hook boo  
At first sight you were...

[Hook]

[Breakdown x2: Gabi & T]  
Rockstar, cause she can rock anything  
Swear bro, she could have my baby (baby)  
And I must admit, she's the only girl in the universe  
that could save me
