underneath the rhythm of the street  
underneath the taxis and the shuffling feet  
I fell asleep on a train.  
In the middle of the night  
I went far away  
from my destination  
I missed my stop  
I slept through Carroll Station  
I went far away  
to Coney Island, U.S.A.  
I guess I had a little too much to drink  
champagne at St. Vincent's  
my friend turned 84 and she said,  
"it's too late now for me,  
but it ain't too late for you."  
I went far far away  
from my destination...  
The boardwalk was quiet  
all the Russians were sleeping  
I thought I saw a whale up in the clouds  
its bloodshot eye upon me  
blinking through the fog  
maybe it was just a star  
far away
