After the fire is over
After the ashes cool
After the smoke is blown away
I will be is for you

After the stillness finds you
After the winds of change
All that is good and true between us
This will remain the same

Slowly, slowly
We turn the pages of life
Growing, knowing
It comes at quite a price

After the fire is over
After the ashes cool
After the smoke is blown away

I will be here for you

After your time of wondering
Along this lonely road
There will be many voices calling
Mine will say welcome home

Slowly, slowly
We turn the pages of life
Growing, knowing
It comes at quite a price

After the fire is over
After the ash is cool
After the smoke is blown away
I will be here for you
I will be here for you
