I will wait for the Bridgroom  
I've awakened early to say  
I will wait for my Bridgroom  
I will wait for Him today

I will give to Him my impatience  
I will give Him all of my fear  
I will make my heart very quiet  
I will wait for Him here

CHORUS  
In bright color  
And in joyous line  
In morning light and lampfire  
I'll make fine my home here  
And trust in my home to come  
La, la, la, la...

With loving care and with pleasure  
In the lamplight I will sing  
I will trust in my Bridgroom  
I will give Him everything

CHORUS (twice)

I will give to Him my impatience  
I will give Him all of my fear  
I will make my heart very quiet  
I will wait for Him here

I will wait for the Bridgroom  
I've awakened early to say  
I will wait for my Bridgroom  
I will wait for Him today
