I was wasting time
Oh so sure to find somebody who'll never go
How could I know, none I'd found was true
None could be but You, the only one love divine
My heart, my mind are Yours

Everywhere I go I see Your face through the crowd
Everywhere I go I hear Your voice clear and loud
Everywhere I go You are the light that I seek
Everywhere I go You have found me

Where could my heart go
Where You wouldn't know to find me?
Far, far from here
Still You are near to me

Everywhere I go I see Your face through the crowd
Everywhere I go I hear Your voice clear and loud
Everywhere I go You are the light that I seek
Everywhere I go You have found me

I have seen You in the evening
In the morning light You hold me
Closer than the air around me

You surround me always

Everywhere I go I see Your face through the crowd
I hear Your voice clear and loud
You are the light that I seek
You have found me

Everywhere I go I see Your face through the crowd
Everywhere I go I hear Your voice clear and loud
Everywhere I go You are the light that I seek
Everywhere I go You have found me

Everywhere I go I see Your face through the crowd
Everywhere I go I hear Your voice clear and loud
Everywhere I go You are the light that I seek
Everywhere I go You have found me

Everywhere I go I see Your face through the crowd
Everywhere I go I hear Your voice clear and loud
Everywhere I go You are the light that I seek
Everywhere I go You have found me
