Well, it seems with you there is something new
Every time I turn around
Oh, I never really know, quite what to expect
But it won't get me down

'Cause I know you bring each and every thing
Just to teach me how to live
And the secret of it all is trusting in you
And the wisdom to give

So say goodbye to the feelings 'cause the feelings go
away
Say goodbye to the people 'cause the people never
stay
And say goodbye to the future then it blinds you to
today
And say goodbye to that reasoning that's standing in
the way
'Cause we've got to break away, break away to be

Faith-walkin' people, can't rely on everything we feel
Faith-talkin' people, we must discern what's really real
Faith-walkin' people, you can't believe in everything you
see
Faith-talkin' people, seems like such a mystery

But in all the earth there is nothing worth
Half as much as life with you
'Cause the people and the things we're counting on
here
They gonna' pass away too

Well, I don't understand everything he's planned
But I don't really have to know
'Cause he's giving me a joy
That's filling my heart when I learn to let go

So say goodbye to the feelings 'cause the feelings go
away
Say goodbye to the people 'cause the people never
stay
And say goodbye to the future then it blinds you to

today
And say goodbye to that reasoning that's standing in
the way
'Cause we've got to break away, break away to be

Faith-walkin' people, can't rely on everything we feel
Faith-talkin' people, we must discern what's really real
Faith-walkin' people, you can't believe in everything you
see
Faith-talkin' people, seems like such a mystery
