In the year of fourteen ninety two
When Columbus sailed the ocean blue
Had he landed on India's shore
You might never have come to knock on my door

Who needs a rhyme or a reason
Some dreams were made to find
So I know that I must follow

Ask me just how much I love you
You are starlight, I'm Galileo
Even on the darkest night, oh
I will find the shining light of our love

Through the rain clouds thundering nights
Mr. Franklin stood there holding his kite
He was crazy, always pressing his luck
But he got what he wanted when lightning struck, yeah

Who needs a rhyme or a reason
Some dreams were made to find
So I know that I must follow

Ask me just how much I love you
You are starlight, I'm Galileo
Even on the darkest night, oh
I will find the shining light of our love
Ask me just how much I love you
You are starlight, I'm Galileo
Even on the darkest night, oh
I will find the shining light of our love

I believe in you
And the special love we could share
And maybe one day darling you'll turn around
And all I really know is I will be there

Ask me just how much I love you
You are starlight, I'm Galileo
Even on the darkest night, oh
I will find the shining light of our love

Ask me just how much I love you
You are starlight, I'm Galileo
Even on the darkest night, oh
I will find the shining light
I will find the shining light of our love

Ask me just how much I love you
I'm Galileo
Even on the darkest night, oh
I will find the shining light of our love
Ask me just how much I love you
I'm Galileo
