If you think you're gonna fail
Well, you're probably gonna fail
So tell me, what was teh dreaming for
And if you think you're gonna lose
Well, you're probably gonna lose
So What's the point in trying anymore.

What you're looking for, you'll find
It happens everytime.

Chorus:

I'm not giving up, not giving up on you
You can say you had enough
But I won't stop calling
I'm not giving up, not giving up you
Not giving up on you.

And when your fragile heart is breaking
And your confidence is shaken
I can tell you that we've all been there before
The first step is hard to take
But it's a choice you got to make
When life is waiting through that open door
I wish that you could see
The way you look to me.

I'm not giving up...

Oh, not so long ago you pulled me through

So, I'm not fiving up not giving up on you
Even if the rain comes down
And your sky is falling
I'm not giving up, not giving up on you
You can say you've had enough.
But I won't stop calling
I'm not giving up, not giving up on you
You know we can work this out
If we just keep talking
I'm not giving up, not giving up on you,
Not giving up on you

'Cause if you think you have a chance
Then you really have a chance
I hope you know that I believe in you.
