So, you've handed in your resignation  
Contemplating why nothing turns out right  
A little fed up with all the disappointment  
So what's the point in wasting any time?

It's only temporary, so what's your hurry?  
No need to worry, don't you know that?

If it all just happened overnight  
You wouldn't know how much it means  
Yeah, if it all just happened overnight  
You would never learn to believe in what you cannot  
see  
Oh, what you cannot see

I feel like my pace is at a standstill  
Do I wait till it falls into my hands?  
A long highway ahead, getting started  
Steady hearted is what I think I am

There's something to be said for experience  
Who knows what's ahead. Keep on going

If it all just happened overnight  
You wouldn't know how much it means  
If it all just happened overnight  
You would never learn to believe in what you cannot  
see  
Oh, what you cannot see

Take it a day, a day at a time  
One foot in front of the other  
Take it a day, a day at a time  
No need to hurry, hurry  
Take it a day, a day at a time  
It won't happen overnight  
It won't happen overnight

Have a little faith  
Must appreciate  
Every single day  
Don't give up, no

Have a little faith  
Must appreciate  
Every single day  
Don't give up, no

If it all just happened overnight  
You wouldn't know how much it means  
Yeah, if it all just happened overnight  
You would never learn to believe in what you cannot  
see

If it all just happened overnight  
You wouldn't know how much it means  
If it all just happened overnight  
You would never learn to believe in what you cannot  
see

Have a little faith  
Must appreciate  
Every single day  
Don't give up, no

Have a little faith  
Must appreciate  
Every single day  
Don't give up, no
