Like it or not
Life is ours for the living
Only one shot
What's the advice you're getting?

Work hard in school
Learn the good rule and
Try to make good for you

No one could see
Hanging within the balance
Helpless me
I only want help to hear me

Evil and light
Caught in a fight
They're trying to capture me

But you cared about me now
Now and forever

There'll never be anyone
Who can take the place of you
There'll never be anyone
Stepping in your shoes

There'll never be anyone
Giving it all to pull me through
There'll never be anyone
Stepping in your shoes, oh

Only through you
Sin on innocent shoulders
Could you undo
Darkness' power to hold us

Once for all time
Choosing to die
I'll never deserve you

And you cared about me now
Now and forever!

There'll never be anyone
Who can take the place of you
There'll never be anyone
Stepping in your shoes

There'll never be anyone
Giving it all to pull me through
There'll never be anyone
Stepping in your shoes, oh oh

There will never be anyone
Stepping in your shoes
There will never be anyone
Stepping in your shoes

There will never be

There'll never be anyone
Who can take the place of you
There'll never be anyone
Stepping in your shoes

There'll never be anyone
Giving it all to pull me through
There'll never be anyone
Stepping in your shoes

There'll never be anyone
Who can take the place of you
There'll never be anyone
Stepping in your shoes

There'll never be anyone
Giving it all to pull me through
There'll never be anyone
Stepping in your shoes

There'll never be anyone
Who can take the place of you
There'll never be anyone
Stepping in your shoes

There'll never be anyone
Giving it all to pull me through
There'll never be anyone
Stepping in your shoes
