We are all the same it seems
Behind the eyes
Broken promises and dreams
In good disguise

All we're really looking for is somewhere
Safe and warm
The shelter of each other in the storm

Maybe one day
We can turn and face our fears
Maybe one day
We can reach out through the tears
After all it's really not that far
To where hope can be found
Maybe one day
We can turn this world around

Who can trace the path of time?
Not you or me
The twisting road we call our lives
We cannot see

The hunger and the longing everyone of us
Knows inside
Could be the bridge between us if we try

Maybe one day
We can turn and face our fears
Maybe one day
We can reach out through the tears

After all it's really not that far
To where hope can be found
Maybe one day
We can turn this world around
Ook

After all it's really not that far
To where hope can be found

Maybe one day

(One day, we can turn this world around)
We can turn and face our fears
Maybe one day
(One day, we can turn this world around)
There'll be laughter in our tears
After all it's really not that far
To where hope can be found
(Turn this world around)
Maybe one day
(One day, we can turn this world around)
We can turn this world around
We can turn this world around
Baby, we can one day
Turn this world around
Oh, let's turn this whole world around
