Some meet in the strangest places
Some meet in the place where they're working
Some meet in their own backyard
Some say that it's love at first sight
Some say that they never could imagine
That they might find the right one
My baby

Where are you?
When I'm calling your name, oh baby
Where are you?
When I'm here all alone, where are you?
Where are you?
When I reach out my hand
Oh honey, where are you when I need you most?
Oh babe, where are you?

Some meet at the supermarket
Some meet during summer vacation
Some meet at the local bar
Some say that they'll never get married
That love is only in fairy tales
You'll know when you find the right one
My baby

(My, my, my baby)
One song and it's stuck in my head
And it keeps on going on
And it's making me stronger
One song and it's stuck in my head
And it makes me feel good
So I can go on much longer
