Dear Elvis, I'm writing you this letter
To me, you are the most
I'm not really very good
At expressing myself and I
Don't know how to say it but

(I only know that I love you)

I'll never forget the
First time I heard you
Ever since then, you
Have been the living end
When your first record came out
I didn't know what to do

(I almost lost my mind)

I started a fan club for you
I played your records all the time
An Elvis I knew so well
Elvis, you are the greatest
Thing to ever happen to me
You mean so much to me

(You're more than life to me)

Since you came along
There are many men
Who try to copy you

(Oh, yes, I'm the great pretender)

And of course, there are
Some people who criticize you
Like my mother and daddy

(People say a man is made out of mud)

But they forget

(Charleston)

Bur for me, Elvis, there is

(Only you)

To me, you are the dreamiest
When I hear you sing

(You've got the magic touch)

Elvis, let me tell you
Something about me
Every night

(When the twilight is gone)

My prayer, sweet Elvis
Is someday, we might meet
I'm hoping you'll

(Come down, come down
From your ivory tower)

I know, Elvis, my chances of
Talking with you aren't very good
I know it would be impossible
To ever get a date with you because

(I know you belong to somebody new)

But you can't blame me, Elvis
For wanting to spend time with you
Every night, I dream we walk

(From the candy store on the corner
To the chapel on the hill)

I can just see us there

(You and I in the sunshine)

Oh, Elvis, won't you please

(Give us this day)

I love you, Elvis, very much
And now, goodnight and
Goodbye, my Elvis
Love, Audrey

PS (kiss)

PPS, as I close my eyes

I can hear you singing

(Come back, baby
I wanna play house with you
Hold it, fellas and don't move
Let's get real, real gone for a change)

We're gonna kiss and a kiss
And a kiss and a kiss and a kiss
We're gonna kiss some more
One kiss from my baby doll
Makes me holler more
More, more, more (Elvis)
