(David Hodges):
Seems so far
that I have gone down this road
Only to find that it ends.
But looking back
There is one thing that I know
I can't make it all alone again.

Cause I'm too weak to stand on my own
But all I need is you.

(Chorus):
So lead me
Guide me
Hold me
Hide me in love
With all that you are
and all that you do.

Hear me
Take me
Mold me
Break me oh God
Just fill all of me
As I fall into you.

Just catch me as I fall
But all this time
I have felt so alone
Losing myself in my despair

With loving arms
You were waiting for me to let go
With every step
You were there.

Cause I'm too weak to stand on my own
But all I need is you

(Chorus):
So lead me
Guide me

Hold me
Hide me in love
With all that you are
and all that you do

Hear me
Take me
Mold me
Break me oh God
Just fill all of me

(Chorus):
Oh my child
How I have longed
for you to come home
Where you belong
All of your life if you could just see
All of my joy when you are here with me
Oh my child

[Together: Amy Lee (David Hodges)]
Lead me (How I have longed)
Guide me (For you to come home)
Hold me (To where you belong)
Hide me in love (All of your life)
With all that you are (If you could just see all of my joy)
And all that you do (When you are here with me)

(Amy Lee)
Hear me
Take me
Mold me
Break me oh God
Just fill all of me
As I fall into you
