Your eyes are like burned out headlights
under the thunder in the night
I'm losing you
You're walking around like you live in a graveyard
guess you're the one with the cards
I'm Losing you

Guess I'll go and I'll lock the door behind me
What's it for when you've only got time you've got to
leave behind

You smile like a lying stranger when I ask if you're
doing all right
I'm Losing you
And underneath the hungry silence fear is eating
through
I'm Losing you

Guess I'll go and I'll lock the door behind me
What's if for when you've only got time you've got to
leave behind

I'm not the kind to beat you from behind
I'm not the kind to tell you you've been blind
I'm not the type to put up a fight

I guess I'll go and lock the door behind me
What's it for when you've only got time you've got to
leave behind

You're eyes are like burned out headlights
Under the thunder in the night
I'm losing you
Always thought you were the one
I guess I still do
But I'm losing you
I'm losing you
I'm losing you
