You've been let down, it's true
Your pain is so easy to see
You're haunted by your history
And it feels like you've got no escape

Your life left you high and dry
You used to be sure of yourself
But then your whole world went to hell
And tomorrow looks just like today

So you lie on your bed,
Won't let the morning come in
And you hide in your room,
Feeling that fear and it's killing you
Don't you know that it's killing me too?
'Cause your heartbreak is breaking you

I miss the light in your eyes
The home that I'd found in your arms
But now you don't know who you are
But I won't give up on you

But you lie on your bed,
Won't let the morning come in
And you hide in your room,
Feeling that fear and it's killing you
Don't you know that it's killing me too?
'Cause your heartbreak is breaking you

And you watch your fire
And your flame's gone out and you're down on your
knees
'Cause your life is not what you thought it would be
No

Lift up your head
Help is on the way
And it won't pass you by
You just got to reach out your hands
And lift up your heart
Love is on the way
And it won't pass you by

You just got to reach out your hands
And lift up your head
Because love is on His way
And He won't pass you by
You just got to reach out your hands
