You live in a million places  
Your fingerprints can be seen on a million faces  
There is a trace of you  
In every hallelujah  
Every song that I sing

And for love of you  
I'm started on fire  
And because of you  
I come alive  
And it's your sacred heart  
Within me beating  
Your voice within me singing  
Oh, for love of you  
Oh, for love of you  
It's all, it's all you, yeah

You are the highway I travel  
Cause I watched you carve streets of gold  
Through all the sand and gravel  
I gave you brokenness,  
He gave me innocence and now  
This road leads to glory

And for love of you  
I'm started on fire  
And because of you  
I come alive  
And it's your sacred heart  
Within me beating  
Your voice within me singing  
Oh, for love of you, yeah

You are my deepest love,  
And so I see you everywhere  
It's you I'm chasing after  
Cause I am captivated  
By who you are  
I'll follow you forever

And for love of you  
I'm started on fire

Because of you I come alive, yeah

And for love of you  
I'm started on fire  
And because of you  
I come alive  
And it's your sacred heart  
Within me beating  
Your voice within me singing  
Oh, for love of you  
Oh, for love of you  
It's all, it's all you

And so for love of you, God  
In everything I do  
And so for love of you, you
