I AM FREE

1.

Lord when I saw you standing there alone in Pilate's  
judgment hall that day  
I heard the words, all the slurs  
How could I believe what they say?  
Heard all the lies, all their tales  
How could they even treat you that way?  
But it was for me

CHORUS: And I, I should have stood in the hall that day  
But you took my place, paid the price for my sin and  
disgrace  
You bore the pain, took the blame  
I could hear when you call out my name  
That I was free

2.

And then I saw when they lead you away to Calvary  
Saw when they gave you the cross to carry  
Saw when they mocked and they jeered and they  
scourged thee  
So I could be free

CHORUS: And I, I should have carried the cross that  
day  
But you took my place, paid the price for my sin and  
disgrace  
You bore the shame, took the blame  
I could hear when you call out my name  
That I was free

3.

And then I saw when they drove all the nails in your  
hands  
Heard their remarks, their rebukes and all their  
accusations  
Heard when they laughed, saw the blood and the reed  
that they placed in your hands

So I would be free

CHORUS: And I, I should have hung on the cross that  
day

But you took my place, paid the price for my sin and  
disgrace

You bore the shame, took the blame

I could hear when you call out my name

That I was free

4.

Then I saw when the blood flowed down from your  
wounded side

Saw when you gasped and you held down your head  
and died

Then the graves opened and I hung my head I cried, I  
cried

Thank God, I am free

CHORUS: And I, I should have died on the cross that  
day

But you took my place, paid the price for my sin and  
disgrace

Bore the my pain, took the blame

I could hear when you call out my name

That I was free

CHORUS: And I, I should have hung on the cross that  
day

But you took my place, paid the price for my sin and  
disgrace

Bore the shame, took the shame

I could hear when you call out my name, my name, my  
name, That I was free
