He can only hold her for so long
The lights are on but no one's home
She's so vacant
Her soul is taken
He is what she's running from

Now How can he have her heart
A When it got stole
Though he tries to pacify her,
Cuz what's inside her never dies

Even if she's content in his warmth
She gets pained with urgency

So Urgent kisses
The man she misses
The man that he longs to be

Now how can he have her heart
A When it got stole
So he tries to pacify her
Cause what's inside her never dies

So he tries to pacify her
cuz what's inside her, it never died.
So he tries to pacify her
cuz what's inside her never died.
