You're just a little boy underneath that hat
You need your nerve to hide your ego - don't come with
that
You think everything is handed to you free
But it's not that easy, no

I gotta know you now
We may never meet again
I gotta know you now and then

My girl says I'm too sensitive to ride with you
But I'm not listening to her, mm hm
Yes I'm perceptive, so when I'm done with you
You'll wish you're headed back the way it were
As you were

I gotta know you now
We may never meet again

I gotta know you now and then

[Ad lib]

Oh, I'm not ruling you out
I'm just in doubt as to what you say you're all about,
yeah

I gotta know you now
We may never meet again
I gotta show you now and then
I gotta know you now and then

I gotta know you now
We may never meet again

I gotta know you now
We may never meet again

I gotta know you now
We may never meet again

I gotta know you now

We may never meet again
