I can see you ahead of me
But I'm not always forward thinkin'
I tell you what you want to hear
It depends on what I've been drinkin'

'Cause everythin' I do or say
Makes it hard for you to stay
We both know what it is

Now-a-days we talk too much
Like you're forgettin' all the good shit
You decide what's wrong with me, yeah
I always used to let you say it

But now I like to think out loud
Your runnin' with some different crowd
We both know what it is

I don't know you anymore
Supposed to be the man
That I live my life by
And your attitude's become a bore
And I'm so tired I can't even cry, cry

Mr. Ultra Sensitive
I'll never let myself forget you
Messed each other up you now
So I'm sorry if I upset you

Tomorrow is another day
So I'll call you 'cause that's OK
We both know what it is

I don't know you anymore
Supposed to be the man
That I live my life by, I live my life
And your attitude become a bore
And I'm so tired
I can't even cry,
I can't even cry

Relationship doesn't remain
We resonate on different planes
I could cut you down again
If you was like all other men
If you were like all other men
I know that I could shut you down again
But my friend, but my friend

I don't know you anymore
Supposed to be the man
That I live my life by, I live my life
Your attitude become a bore
And I'm so tired I can't even cry

I don't know you anymore
Supposed to be the man
That I live my life by, Ooh
Your attitude's become a bore
I can't even cry
Ooooooh...
