Gotta believe in your soul
Gotta believe it's the right time - the right time
Gotta believe in your soul
I wanna know how you feel
Gotta believe in your soul
Gotta believe it's the right time - the right time
Gotta believe in your soul
I want him back, I don't wanna leave him too
I don't wanna leave him too
I don't wanna leave him too
I don't wanna leave, I wanna know how you feel

Stars shining all around my head
I'm lying awake in my bed
And I'm wondering what this could be

You know you got me turning round and round
Never coming down
And I'm wondering what this could be

My heart is beating in the night
I'm waiting for the light, now my baby is coming to me

You know all my life, it's been so long
Singing this same song, now my baby is coming to me

Down on my knees
I'm begging you please to come home
I don't wanna leave him
Every night when you're gone feeling sand on my own,
alone
Gotta believe in your soul.....
