Here in paradise  
We belong together, now and ever  
Here in paradise  
Gonna fly together 'cos we got the power  
Our love is talking over  
Won't ever leave you never  
'Cos now you're mine  
We're here in paradise eternally

Higher we're gonna fly  
This time till we're losing our freedom  
Higher in to the sky  
Right there till we reach (a) the point of no return

All I want is to free my spirit so  
Come along baby follow me  
Come in to my world and finally

\*Repeat

We're here in paradise  
Where we belong
