There's a sweet little town in the county Mayo
it will always be heaven to me
Belmullet's its name and I'm sure you know all
that it lies quiet close to the sea
Oh the streets are so neat so tidy and clean
in my memory I always will see
My own little corner my pride and my joy
Belmullet along by the sea

I've travelled out east and I travelled out west
to the north and the south I did go
but Belmullet's the place that I'll always love best
It's my hometown in county Mayo
as I stand here alone on this foreign shore
I know that far o'er the sea
the coast of the west is the place I love best
Belmullet is nearest to me

Take me back to my home to the place of my birth
for there I am longing to be
If gods will is so I shall go there and find
my beautiful home by the sea
where the streets are so neat so tidy and clean
in my memories I always will see
my own little corner my pride and my joy
Belmullet along by the sea
